

## Biosis appoints Pharmaniaga as sole distributor

KUALA LUMPUR: Biosis Group Bhd, through its subsidiary Clini-Food Sdn Bhd (CFSB), has appointed Pharmaniaga Marketing Sdn Bhd as the exclusive distributor for Biophine, a methadone syrup manufactured by CFSB for the private market.

In a filing to Bursa Malaysia yesterday, CFSB said Pharmaniaga would have exclusive marketing and distributing rights in Malaysia, provided it met the forecast purchases specified in the distributorship agreement.

Pharmaniaga Marketing Sdn Bhd's parent, Pharmaniaga Bhd, recently had its manufacturing licence revoked following a routine audit by the health ministry early last month.
